SCARABEO®

Company

Scarabeo Ceramiche è un'azienda italiana specializzata nella produzione di sanitari e arredo bagno innovativi e dal design originale. Dal 1974 mette a frutto la propria capacità di dare forma alla ceramica e trasformarla in lavabi e sanitari dallo stile unico e inconfondibile conquistando nel tempo un successo di carattere internazionale che ha portato il brand a posizionarsi come un vero e proprio punto di riferimento per chi cerca idee nuove con cui arredare il bagno. Il saper interpretare il bagno offrendo design e funzionalità ha da sempre contraddistinto l'indole dell'azienda: competenza ed esperienza al servizio di una grande squadra che opera partendo da un'idea che, grazie alle infinite possibilità di lavorazione della ceramica, prende forma e si tramuta in un arredo completo, efficiente, esteticamente appagante e in grado di definire con carattere la personalità di un bagno. La continua ricerca di novità e la capacità di sapersi costantemente evolvere in accordo con le diverse esigenze manifestate dal mercato hanno permesso a Scarabeo di comporre una gamma molto ampia e sempre in crescita non solo di lavabi e sanitari ma anche di complementi di arredo ed accessori unici e di qualità impeccabile.

Scarabeo Ceramiche is an Italian company specialized in the production of innovative and original sanitary ware and bathroom furniture. Since 1974 it has been making use of its own ability to give shape to ceramic and turn it into washbasins and WCs with a unique style. This has allowed to gain over time an international success that has made the brand a real reference point for people searching new ideas for their own bathroom. The interpretation of the bathroom by giving design and functionality has always characterized the nature of the company: competence and expertise in the service of a great team acting by starting from an idea which, thanks to the unlimited possibilities of the manufacturing of ceramic, takes shape and turns into a complete, efficient, aesthetically satisfying fitting that can strongly define the character of a bathroom. The continuous search for innovation and the ability to constantly evolve according to the different needs of the markets allowed Scarabeo to create a very wide and ever-growing range of washbasins, WC pans and even unique bathroom furniture and accessories of impeccable quality.

A Civita Castellana la lavorazione della ceramica ha origini antichissime, che risalgono all'epoca pre-romana. Nell'arco dei secoli le tecniche di lavorazione e i processi produttivi si sono affinati fino a raggiungere l'eccellenza. La ceramica di Scarabeo attraverso la sua produzione si ripropone di recuperare la tecnica dei vari processi lavorativi che tanto sono stati importanti nella tradizione della città. Ogni pezzo viene sottoposto a controlli e attenzioni continue, per correggere qualsiasi imperfezione, garantendo così qualità e bellezza, tanto da avere un apprezzamento crescente sia in ambito nazionale che internazionale.

In Civita Castellana, the ceramic processing industry has ancient origins dating back to the pre-Roman era. Over the course of the centuries, the processing techniques and production processes have evolved to reach high standards of excellence. With its ceramic products, Scarabeo aims to recover the techniques and various processing phases which have been so important for the city's heritage. All items are constantly checked and inspected in order to correct any imperfections and guarantee their quality and beauty; as a result, they are receiving growing appreciation at a national and international level.

Designer

**Giovanna
Talocci**

Interior architect and designer since the 1970s. A natural curiosity for innovation, material research and technology, profound observation of the surrounding reality enabled her to design for prestigious companies, in completely unrelated fields. The same traits are now the pivotal elements in the work of the Talocci Design studio, which specialises in: product design, exhibition design, interior design, event organisation, integrated communication, art direction. Giovanna Talocci has received numerous acknowledgments, among them three ADI Design Index selections, four referrals at the Compasso D'Oro award and four Design Plus prizes. Alongside her design activities, she also works as cultural events curator and consultant for various trade exhibitions, anchor woman and guest of television programmes on design, and lecturer at universities and design schools. She has been a member of ADI (Industrial Design Association) since 1979 and of the ADI National Steering Committee since 2004. In addition, she was a member of the first Italian Council for Design.

Designer, painter and sculptor, he diversified his activities to include the creation of artistic works, setting up of temporary architectural works and installations, and interior furnishing and design. In 2002, he opened his studio - situated in the Viterbo area - and quite naturally made his way into the sanitary ceramics production industry. He designs various collections for companies of the sector and collaborates with Scarabeo on a stable basis.

**Chiara
Valeri**

**Massimiliano
Braconi**

Born in Rome on 21st March 1969, she completed her artistic studies by earning the title of "Master Ceramics Artist" in 1988, after which she began to dedicate herself to artistic ceramics. Subsequently, in 1990, she earned a Diploma in Applied Arts from the "Ulterico Midossi" State Institute of Art in Civita Castellana. In 1990 she graduated from the Rome Fine Arts Academy with a degree in Theatre and Cinema Scenic Design with full marks. She initially embarked on a career in theatre scenic design and subsequently continued her studies in furnishing and design issues. She has created interior design projects for both private customers and retail businesses, while simultaneously collaborating with companies operating in the bathroom furnishing and crockery sectors for outfitting trade fair stands. Since 1997 she has been predominantly focusing on the industrial design sector by collaborating with companies operating in the Civita Castellana industrial scenario.

Lukasz Bertoli _ Graduated in Industrial Design at Politecnico di Milano, Lukasz soon began collaborating with Polidesign and TD studio to develop products for many famous Italian companies such as Chicco and Gardes. From 2004 to 2008 he was a senior industrial designer at GP designpartners in Vienna where his responsibilities included designing products for brands like Philips, Siemens, Citroen, Doppelmayr, Vienna Acoustics, Tchibo, NXP, Boesendorfer, HEI, Conlastic.

Carlo Ciciliot _ Born in 1982 Carlo graduated in International Relationships at Università degli Studi di Bologna with a Master's in Organization and Economic Development (MOSE) at Profingest Management School. After an important experience at the marketing office of a well established group in the construction sector, he became account manager at Emo design consultancy in 2009.

Davide Vercelli

Giovanni Calisti dedicates himself to art studies and in 1996 gets the qualification of "Maestro d'Arte della Ceramica" (Master of Ceramic Arts). His big passion flew into very appreciated painting and sculpture. He diversifies his activities from creation of artworks to modelling wash basins for a long-established factory in Civita Castellana named ICA. In 1974 he creates SCARABEO, a factory producing exclusively bathroom accessories that makes a name for itself in the European market in few years. In the middle of the nineties he designs different ranges of basins effortlessly. To this day, these ranges are some of the most appreciated of SCARABEO. Always searching for new stimulus, he charts new courses thanks to his clear strategy based on design.

Emo Design

Designer and Engineer Davide Vercelli founded his own firm in 2005 after being a researcher at the Politecnico di Torino. Ever since fond of project culture, of the ways how technological conception and production, communication and marketing strategies interfere in the making and the presentation of a product, he developed through the years a consistent series of co-operation jobs with design companies of different production fields.

A multi-disciplinary and cross-sectoral approach has enabled the studio over the years to support our customers as a global consultant, dealing with product, brand design, brand strategy and exhibit.

From 2013 the studio follows and designs end the main collective event of Cersaie (Aggregati, Cer-Sea, Cer-Style, Cer-Sail, Milleluci, The sound of design), dedicated to contract and wellness.

Numerous are the teaching experiences in co-operation with different institutes and universities such as the Faculty of Design at the Milan Polytechnic University, and I.E.D.. He boasts various international awards: thirteen selections for Adi Design Index, two at Compasso d'Oro, two awards at Young and Design, three Design Plus, one first prize at the International Design Awards, TWO Good Design Award AND ONE IF AND GERMAN DESIGN COUNCIL

SOLID

by Scarabeo

Scarabeo interpreta ancora una volta l'ambiente bagno attraverso la progettazione di un nuovo sistema di arredo volto ad offrire, oltre all'estetica e alla funzionalità, la possibilità di un'elevata personalizzazione.

Nasce SOLID, la quinta essenza della versatilità. Diversi elementi perfettamente abbinabili ed integrabili tra loro concorrono a creare soluzioni di design che rispondono ad ogni tipologia di esigenza o gusto.

Once again Scarabeo interprets the bathroom space with a new system that offers appealing aesthetics, functionality and a high customization level.

Its name is SOLID, the fifth essence of versatility. Multiple elements can be perfectly combined to create design solutions capable of satisfying all needs and tastes.

Scarabeo Laila

by Scarabeo

Elegantemente essenziale,
attira l'attenzione da vera protagonista.
Come solo una SCARABEO LAILA sa fare ti offre una visione
raffinata nascondendo al suo interno
molteplici qualità, tutte da scoprire.

SCARABEO LAILA è la nuova idea di arredo bagno
che Scarabeo ha progettato per completare e
arricchire l'ecclettica collezione di lavabi Moon.
Una collezione che contempla un'ampia varietà
di figure caratterizzate da un'anima sottile
ma dalle dimensioni generose.

Its essential elegance will draw your attention,
just like a SCARABEO LAILA. It offers a refined vision and
multiple concealed qualities for you to discover.

SCARABEO LAILA is the new bathroom furniture concept
designed by Scarabeo to complete the
eclectic Moon washbasin collection.
The range includes a large variety of figures
characterized by a refined soul
and generous dimensions.

LAI21

Scarabeo Laila

Già disponibile nelle tre varianti cromatiche del metallo Nero opaco, Grigio e Tortora, oggi la struttura di SCARABEO LAILA si presenta anche nella raffinata finitura oro spazzolato. Una finitura capace di trasmettere forti sensazioni dettate da uno stile regale e al tempo stesso elegantemente contemporaneo.

Already available in three colour finishes - matt Black, Gray and Dove-Gray - today the SCARABEO LAILA structure is also available in a refined brushed gold finish, which transmits strong emotions dictated by a regal, yet elegantly contemporary style.

SCARABEO LAILA sposa il piacevole contrasto dato dall'ampiezza del bacino e la leggerezza dei bordi tratto distintivo di tutta la collezione Moon presentandosi con una struttura tubolare in metallo capace di accogliere con carattere e personalità la presenza importante del lavabo creando un connubio di perfetta armonia delle forme.

SCARABEO LAILA is characterized by a pleasing contrast between the wide size of the bowl and the fineness of its edges, which is a distinguishing feature of the Moon collection. The tubular metal structure holds the impressive presence of the washbasin with a strong personality, creating a perfect harmony of shapes.

TEOREMA 2.0 - PLUS

Caratterizzata da rigore, eleganza e semplicità, mantenendo nel tempo la stessa essenza di design, TEOREMA ha vissuto la prima evoluzione con la versione 2.0 che ne ha determinato un sostanziale alleggerimento dei bordi che oggi raggiungono una misura di soli 6 mm. Oggi TEOREMA 2.0 si presenta anche nella versione PLUS con dimensioni più generose e un'altezza del lavabo ridotta. Sei nuove proposte di lavabo dall'aspetto più slim ma con maggiore aggetto dalla parete per una migliore facilità di approccio. I nuovi lavabi TEOREMA 2.0 PLUS, infatti, misurano 53 cm di profondità per un'altezza di 12 cm. Con queste dimensioni e con lo scarico spostato verso il lato muro, la collezione diventa "senza barriere", consentendone la certificazione anche nell'ambito dei prodotti utilizzabili dai disabili.

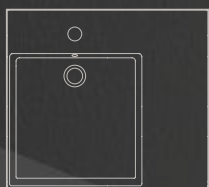

The line is characterized by rigour, elegance and simplicity and has maintained the same design over time. The 2.0 version represents the first evolution of TEOREMA with lightened edges of only 6 mm. TEOREMA 2.0 also comes in a PLUS version with larger dimensions and reduced height. The proposal includes six new washbasins with a slimmer design, but with a greater projection from the wall for a more comfortable use. The new TEOREMA 2.0 PLUS washbasins are 53 cm deep and 12 cm high. With these dimensions and with the drain moved to the wall side, the collection is "barrier-free" and is certified as a suitable product for disabled users.

Scarabeo propone il nuovo WC TEOREMA 2.0, oltre che nella classica finitura bianca della ceramica, anche in tutte le colorazioni già disponibili per le altre collezioni e nelle nuovissime tre finiture bicolori: esterno opaco e interno lucido, esterno ardesia e interno nero lucido ed esterno sand e interno sabbia lucido.

Scarabeo proposes the new TEOREMA 2.0 WC in the classic white ceramic finish, in all the colours available for the other collections and in 3 brand new two-colour finishes: matt for the exterior and glossy for the interior, slate for the exterior and glossy black for the interior, sand for the exterior and glossy sand for the interior.

GLAM, l'eclettica collezione di lavabi di Scarabeo che vanta 14 modelli con diverse forme, dimensioni e applicazioni, si completa del nuovo WC dotato dell'innovativo sistema TWIST.

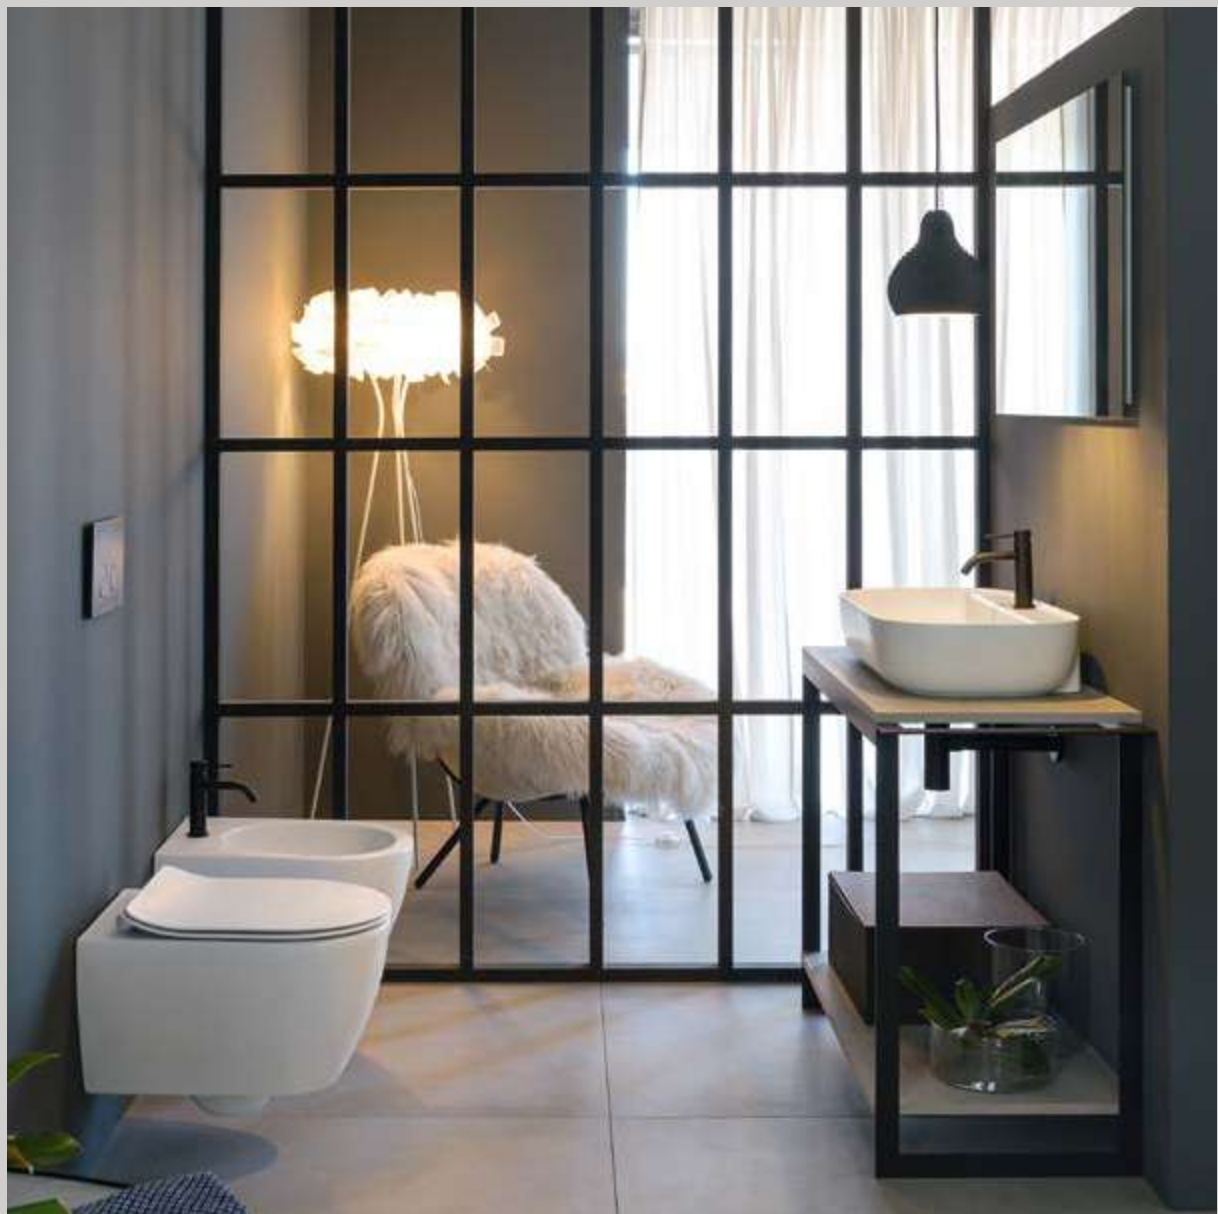

The GLAM eclectic collection of washbasins by Scarabeo comprises 14 models with different shapes, sizes and applications and is now available with the innovative TWIST system.

Il nuovo WC sospeso della collezione GLAM, caratterizzato da un design pulito, semplice e facilmente inseribile in qualsiasi contesto dell'ambiente bagno, è stato ideato da Scarabeo per garantire prestazioni funzionali ed ecosostenibili di altissimo livello.

The new wall-mounted WC is characterized by a clean, simple design that can be easily integrated in any bathroom setting. It was created by Scarabeo to guarantee the best functional eco-sustainable performance.

TWIST®

Da sempre attenta al design e alle tendenze attuali, Scarabeo propone il nuovo WC GLAM, oltre che nella classica finitura bianca della ceramica, anche in tutte le colorazioni già disponibili per le altre collezioni e nelle nuovissime tre finiture bicolori: esterno opaco e interno lucido, esterno ardesia e interno nero lucido ed esterno sand e interno sabbia lucido.

Always attentive to design and trends, Scarabeo proposes the new GLAM WC in the classic white ceramic finish, in all the colours available for the other collections and in 3 brand new two-colour finishes: matt for the exterior and glossy for the interior, slate for the exterior and glossy black for the interior, sand for the exterior and glossy sand for the interior.

Il sistema TWIST prevede un bordo contenitivo del vaso con un design tale da permettere una riduzione al minimo di qualsiasi fuoriuscita d'acqua. Lo scarico, progettato per consentire un risparmio idrico ancor più performante rispetto ai già esistenti Clean Flush adottati da Scarabeo, è realizzato con un nuovo sistema che limita al massimo il rumore favorendo un alto livello di silenziosità.

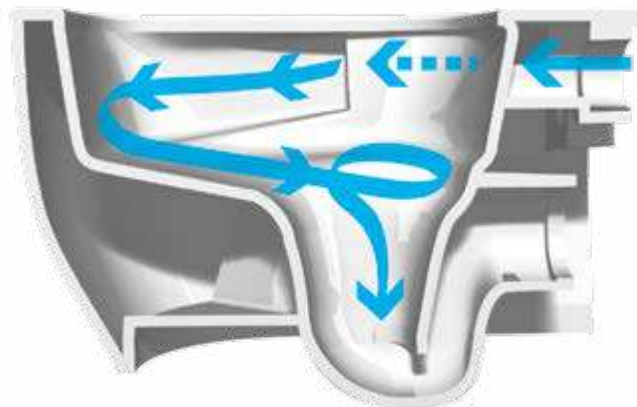

The TWIST system features a containing rim of the bowl that is designed to minimize any water spillage. The new drain can save more water than the existing Clean Flush used by Scarabeo and the new system significantly reduces the noise for a higher level of comfort.

Le système TWIST comprend une bordure de cuve telle qu'elle limite au minimum toute sortie d'eau. La décharge a été conçue pour une économie d'eau supérieure aux systèmes Clean Flush adoptés par Scarabeo. Elle a été réalisée avec un nouveau système limitant le bruit au minimum.

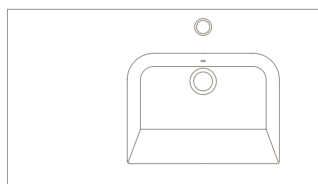

Beim TWIST-System ist der Spülrand des Beckens so geformt, dass ein Herausspritzen von Wasser nahezu ausgeschlossen werden kann. Die Spülung, die im Vergleich zu der von Scarabeo bereits eingesetzten Clean-Flush-Technologie noch wassersparender konzipiert wurde, ist mit einem neuen System ausgestattet, das die Geräuscentwicklung weitestgehend begrenzt und dadurch extrem geräuscharm ist.

El sistema TWIST presenta un borde de contención con un diseño que reduce al mínimo las salpicaduras de agua fuera del WC. La descarga, diseñada para permitir un ahorro de agua superior al de las Clean Flush existentes adoptadas por Scarabeo, está realizada con un nuevo sistema que limita todo lo posible el ruido, favoreciendo el funcionamiento más silencioso.

Продуманный дизайн с системой TWIST и сдерживающим бортом позволяет свести к минимуму разбрызгивание воды из чаши унитаза. Слив обеспечивает экономию воды – еще более эффективную, чем в системах Clean Flush других моделей Scarabeo. Использование новой системы максимально ограничивает шум, что способствует высокому уровню тишины.

DecorART

by Scarabeo

Dopo il concept legato al mood DecorLab, che ha visto la creazione di suggestivi pattern decorativi applicabili alla ceramica, Scarabeo introduce una nuova modalità nell'interpretare questo materiale attraverso il percorso DecorArt.

DecorArt, anch'essa un'esplorazione sperimentale che sfrutta le valenze tecnologiche dei nuovi standard digitali, approda a dei risultati di livello stupefacente proponendo tre nuove finiture ispirate alla bellezza del marmo.

Marmo nero, bianco e travertino, con le loro classiche e raffinate sfumature, sono i nuovi decori che trasformano la ceramica in un materiale ad alto valore estetico, difficilmente distinguibile a livello visivo dalla pietra originale.

After the concept linked to the DecorLab mood, which saw the creation of evocative decorative patterns applicable to ceramics, Scarabeo introduces a new way of interpreting this material with the DecorArt project.

DecorArt is an experimental journey that exploits the technological values of the new digital standards, reaching amazing results and proposing three new finishes inspired by the beauty of marble.

Black marble, white marble and travertine marble, with their classic and refined nuances, are the new decorations that transform ceramics into a material of high aesthetic value, which can be hardly distinguished from the original stone.

E
_ TRAVERTINE

F
_ MARBLE WHITE

Sono quattro le collezioni di Scarabeo interessate dai nuovi pattern DecorArt: Teorema 2.0, caratterizzata da un design essenziale e bordi sottili; l'ampia famiglia dei lavabi Glam con le loro linee gentili ed eleganti; tutta la serie Moon, che si distingue per l'ampiezza del bacino e la leggerezza dei bordi e la collezione di arredobagno Scarabeo Laila che, oltre ad essere nata per accogliere i lavabi Moon, si dota anche della variante delle mensole decorate con finitura marmo per un impatto visivo di assoluta classe.

Four Scarabeo collections are enriched with the new DecorArt patterns: the Teorema 2.0 collection with essential design and thin edges; the wide family of Glam washbasins with gentle and elegant lines; the entire Moon series, which stands out for the width of the bowl and the lightness of the edges; and the Scarabeo Laila bathroom furniture collection which, in addition to being designed to accommodate the Moon washbasins, is also provided with the marble finish shelves for a high-class visual impact.

IT) Consigli per la pulizia e la manutenzione del bagno

Tutti i nostri prodotti, realizzati con materiali selezionati e sottoposti a tutti i controlli qualità, sono stati concepiti per durare a lungo nel tempo. Eventuali piccole alterazioni di colore o tono che si possono riscontrare tra gli oggetti sono sinonimo di produzione manuale, non industriale e garantiscono l'unicità del prodotto. Sono pertanto da considerare come caratteristiche di pregio e non difetti oggetto di contestazione. Un'accurata manutenzione ed alcuni piccoli accorgimenti permetteranno di conservare i sanitari sempre come nuovi, mantenendo intatte quelle caratteristiche estetiche e funzionali che determinano l'unicità e l'artigianalità dei prodotti Scarabeo. Il nostro consiglio è di utilizzare sempre una spugna morbida per la pulizia dei lavabi e sanitari e di evitare l'uso di sostanze abrasive, caustiche o aggressive che possono rovinare od opacizzare la ceramica. Per un'igiene più sicura e per rimuovere gli eventuali residui di calcare o di sapone è consigliabile procedere periodicamente ad una pulizia più approfondita utilizzando sempre e comunque un detergente non abrasivo. Un regolare lavaggio con acqua tiepida e sapone, avendo cura di asciugare le superfici con un panno morbido subito dopo l'uso ed una particolare attenzione a non usare oggetti appuntiti o particolarmente ruvidi, saranno sufficienti per mantenere in perfette condizioni il nostro prodotto nel vostro bagno.

EN) Advice on bathroom cleaning and maintenance

All our products are manufactured with carefully selected materials, undergo strict quality controls and are designed to last. The minor alterations in colour or shade of the various items are the result of manual and not industrial production and guarantee a unique product. They should therefore be considered as precious features and not defects to complain about. Careful maintenance and several simple actions ensure that sanitary ware remains as good as new and retains the visual and functional features that guarantee the uniqueness and craftsmanship of Scarabeo products. We suggest always using a damp sponge to clean the washbasins and sanitary ware. Avoid using abrasive, caustic or aggressive products that could damage or dull the ceramic. To ensure perfect hygiene and remove any traces of limescale or soap, it is recommended to clean them thoroughly every now and then, although again using a non-abrasive detergent. Wash our bathroom products regularly with warm water and soap and dry the surfaces thoroughly with a soft cloth after use, and also avoid using sharp or particularly rough objects, to ensure they remain in perfect condition.

FR) Conseils pour le nettoyage et l'entretien de la salle de bain

Tous nos produits sont réalisés à l'aide de matériaux triés sur le volet et soumis à tous les contrôles de qualité nécessaires. Ils ont été conçus afin de résister à l'épreuve du temps. Les petites altérations de couleur ou de ton qui peuvent apparaître sont le résultat d'un processus de production à la main, non industriel. Elles garantissent le caractère unique du produit. Ce sont donc des critères de luxe et ne sont en aucun cas des défauts pouvant faire l'objet d'une réclamation. Un entretien minutieux et le respect de plusieurs conseils vous permettront de préserver votre salle de bain et tous les aspects esthétiques et fonctionnels qui confèrent aux produits Scarabeo leur caractère unique et artisanal. Nous vous conseillons donc d'utiliser toujours une éponge douce pour nettoyer les lavabos et les sanitaires. Évitez les produits abrasifs, caustiques ou agressifs qui pourraient endommager ou matifier la céramique. Pour un nettoyage en toute sécurité et pour éliminer les traces de calcaire ou de savon, procédez à un nettoyage plus approfondi à l'aide d'un détergent non abrasif en toutes circonstances. Effectuez un lavage régulier à l'eau tiède et au savon, en veillant à sécher les surfaces à l'aide d'un chiffon doux directement après utilisation. Veillez à ne pas utiliser d'objets pointus ou rugueux. Vous pourrez ainsi garantir l'état de nos produits et de votre salle de bain.

DE) Empfehlungen für die Reinigung und Instandhaltung des Bades

Alle unsere Produkte sind auf Langlebigkeit ausgelegt, da sie nur aus sorgfältig ausgewählten Materialien hergestellt und strengen Qualitätskontrollen unterzogen werden. Eventuelle geringfügige Farbtonabweichungen zwischen den einzelnen Produkten sind Merkmale der handwerklichen Verarbeitung und garantieren deren Einzigartigkeit. Daher sind solche Abweichungen Qualitätsmerkmale und stellen keine Mängel dar, die Gegenstand von Reklamationen sein könnten. Bei korrekter Pflege und richtiger Behandlung bleiben Ihre Sanitärprodukte über lange Zeit in einem einwandfreien Zustand und erhalten die ästhetischen und funktionellen Eigenschaften, die für die Einzigartigkeit und handwerkliche Verarbeitung der Produkte von Scarabeo charakteristisch sind. Wir empfehlen die Reinigung der Waschbecken und Sanitärprodukte mit einem weichen Schwamm. Vermeiden Sie bitte den Einsatz von Scheuermitteln, ätzenden oder auf sonstige Weise aggressiven Substanzen, die die Oberflächen der Keramik beschädigen oder ihren Glanz beeinträchtigen können. Für eine sichere Hygiene und zur Entfernung von Kalkablagerungen oder Seifenresten empfehlen wir, regelmäßig eine gründlichere Reinigung mit einem grundsätzlich nicht scheuernden Reinigungsmittel durchzuführen. Regelmäßiges Spülen mit lauwarmem Wasser und Seife, nachfolgendes Trocknen mit einem weichen Tuch und das Vermeiden von Kontakt mit spitzen oder sehr rauen Gegenständen ist völlig ausreichend, um die Sanitärprodukte in Ihrem Bad in einem perfekten Zustand zu erhalten.

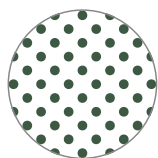

ES) Consejos para la limpieza y el mantenimiento del baño

Todos nuestros productos, realizados con materiales seleccionados y sometidos a todos los controles de calidad, han sido diseñados para durar a lo largo del tiempo. Es posible que se produzcan pequeñas alteraciones del color o del tono, características de la elaboración manual, no industrial, garantía del carácter único del producto. Por eso deben considerarse características de valor y no defectos de fabricación a reclamar. El mantenimiento preciso y algunas pequeñas precauciones permiten mantener los sanitarios como nuevos, sin que se alteren las características estéticas y funcionales que los hacen únicos y aseguran el carácter artesanal de los productos Scarabeo. Nuestro consejo es utilizar siempre una esponja suave para la limpieza de los lavabos y sanitarios y evitar el uso de sustancias abrasivas, cáusticas o agresivas que podrían arruinar la cerámica y quitarle brillo. Para una higiene más segura y para quitar posibles residuos calcáreos o de jabón se aconseja periódicamente realizar una limpieza más profunda empleando un detergente no abrasivo. Un lavado frecuente con agua tibia y jabón, teniendo cuidado de secar las superficies con un paño blando inmediatamente después del uso, sin utilizar objetos puntiagudos o ásperos, será suficiente para mantener el sanitario en perfectas condiciones.

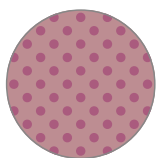

RU) Рекомендации по очистке и уходу за ванной комнатой

Все наши товары, выполненные из тщательно отобранных материалов, прошедших весь необходимый контроль качества, были разработаны таким образом, чтобы обеспечить длительный срок эксплуатации. Небольшие отклонения цвета или тона, которые, возможно, Вы встретите, являются следствием того, что товары не были произведены в серийном производстве, но являются результатом ручной работы, и свидетельствуют об их уникальности. Поэтому они должны рассматриваться как ценные характеристики, а не дефекты, являющиеся поводом для рекламации. Благодаря тщательному уходу и соблюдению некоторых несложных мер предосторожности, Ваши сантехнические изделия всегда будут как новые, и сохранятся эстетические и эксплуатационные характеристики, которые определяют уникальность и самобытность, присущие товарам компании Scarabeo. Рекомендуем Вам при очистке умывальников и сантехнических изделий всегда использовать мягкую губку и не прибегать к использованию абразивных, едких или агрессивных веществ, которые могут нанести вред керамическим изделиям или привести к помутнению их покрытия. Для обеспечения более строгой гигиены, а также для удаления возможных остатков известковых отложений или мыла рекомендуется периодически выполнять углубленную очистку, всегда используя для этого неабразивное чистящее средство. С тем, чтобы наши сантехнические товары, которые Вы выбрали для ванной комнаты, сохранили свое прекрасное состояние, будет достаточно регулярной мойки теплой водой с мылом и аккуратной протирки поверхностей мягкой тканевой салфеткой сразу же после использования. Необходимо также тщательно следить за тем, что Вы не используете заостренные или очень шероховатые предметы.
